

TOMBSTONE EPITAPH.

PUBLISHED EVERY SUNDAY.

THE ARIZONA KICKER.

PUBLISHED EVERY WEDNESDAY.

Tombstone, Cochise County, Arizona.

ENTERED IN THE POST OFFICE AS SECOND-CLASS MATTER.

From Friday's Daily.

G. W. Bryan returned to Benson this morning.

Taxes are being paid at a rapid rate at the treasurer's office this week.

No mail was received from the west today, owing to a delay on the S. P.

A refreshing breeze sprung up this morning and has continued all day in Tombstone.

H. G. Howe left today for Tucson, where he will testify in a case before the land court.

Pete Hook returned today from his prospecting trip. He came back by rail and stage.

Frank Strain received a telegram from Col. Hafford last night stating that he would be home tomorrow.

Tonight at the Catholic church: Ways of the Cross and sermon on the Passion of Christ, at 7:30 o'clock.

West Fuller was badly cut about the face and neck at Nogales last Sunday by a woman. His condition is not serious.

The boiler from the State of Maine mine was moved to the Sulphur mine this morning, where it will be used by Gus Barron, the lessee.

W. B. Taylor and Hugh Conlon came in last night from the lower Sulphur Spring valley. Plenty of water and grass down that way is the cause of their fat smiles.

One of the privates in General Fry's army deserted at Benson and dropped off at Fairbank this morning. He said it was too long between eating stations to suit his constitution.

The gentlemen from Mexico who recently arrived in Bisbee with the intention of buying Mexican money on a speculation, have gone to El Paso on a similar mission.

Brownie, the much petted dog belonging to Chas. Fredericks, died last night of general debility. He was known to every man, woman and child in Tombstone, and the grief of his master is shared by all who knew this king of the canines.

A new disease is killing off cattle at an alarming rate in Kansas. The disease starts in the hoof of the animal, creating irritation. The entire leg soon becomes affected. The animal goes about frantically knowing at the parts continually. Death results in a few days.

Four of Durward's big wagons were loaded with furniture yesterday from the E. B. Gage residence. It will be shipped to the Congress mine. Mrs. Gage left today to join her husband. She will stop a few days at Tempe visiting Mrs. George Gage before going to her new home.

B. S. Coffman writes to Mrs. Coffman from the new mining camp Cochiti, in New Mexico, that the rush in there is enormous. Over a thousand people are already on the ground. He had not been there long enough at that writing to give an opinion as to the merit of the new El Dorado.

John Miano wished to send a letter today to Chili, and upon inquiry, found out that it would have to go to New York, thence to Panama, and then down the Pacific side to its destination. It would arrive ten days quicker at its objective point if it could be sent via San Francisco. And yet we brag of our postal system as being perfect.

A telegram received last night at the sheriff's office from Bowie announced the capture at Cave Creek in the Chiricahua mountains of one of the stage robbers. This one was evidently the one who was announced as having been at Wickersham's ranch the night previous. Cave Creek is about ten miles south of Galaville. The fellow was making for Sonora when caught.

BENSON BUDGET.

March 22.

Chas. Wild of Fairbank returned from Tucson on yesterday's train, where he has been on court business.

A Poverty Ball is booked for Monday evening, March 25. The ball is to be given by the Benson Literary club. All Tombstone folks are cordially invited.

Mr. McRae of St. David, who recently discovered artesian water, was in town yesterday and said that the discharge of water from the well is increasing daily.

Quite an enjoyable evening was spent at the residence of Mrs. Castañeda last Tuesday, the occasion being a birthday party in honor of Miss Josephine's fourteenth anniversary. The evening was spent in singing, dancing, music etc.

Mr. Ben Williams, who for the past week has been in town, left last evening in company with Mr. Beckwith for Tucson. From responsible parties it has been learned that the Bisbee road will be built into Benson within the next two or three months.

The industrial army, eight hundred strong, arrived last night about ten o'clock. Several attempts were made by some of them to take in the town, but they were stopped by the officers, who were at the depot awaiting their arrival. They are organized in companies, each company having a full complement of officers. To prevent hobos from riding with them, each industrial has a certain pass word. Nevertheless fifteen bootblacks rode in with the gang and were taking in the town today offering Chicago's latest shine for ten cents.

BISBEE NEWS.

March 22.

Mother Welsh was fined \$3 this afternoon by Judge Williams for using abusive language.

Considerable work has been done at the Barceolas mines lately. This morning a quantity of ore was shipped from Fairbank.

Charles Cox was tried by a jury this afternoon in Judge Williams' court on a charge of carrying concealed weapons. He was found not guilty.

Jack Heffy was arrested yesterday on a charge of assault with a deadly weapon. As the complaining witness did not appear when he came for trial before Judge Williams he was discharged.

General Fry.

At El Paso yesterday the mayor called a meeting of citizens to take measures to turn back the industrial army when it approached that city.

General Fry, the advance agent of the aggregation, asked to address the meeting. He was allowed to do so.

He said that the industrial army movement was a concentrated action all over the United States to demand their constitutional rights. He had never asked for alms personally, nor had he ever drawn any salary for his services for the public good. He had been elected and requested to act by these people, and assured the council that there were no agreeable features connected with his office.

He then launched into an argument, which was cut short by the mayor.

Will be Built.

Ranchers along the river between Fairbank and Benson state that Ben Williams, Surveyor Beckwith and a contractor have been through that section for a week past, and have been estimating the probable cost of extending the A. & S. E. road to Benson.

They talked in a strain that would seem to leave no doubt as to their intention to construct it. The contractor negotiated for hay and grain from the ranchers, who confidently believe that dirt will fly within thirty days.

Monday next the sale of property for taxes will begin and continue from day to day until all is sold. Under the old law property could not be sold without a judgment of the court, which would have given delinquents until the middle of May in which to pay up without the addition of the penalty of thirty per cent which will have to be paid after sale any time within a year. After a year has passed the deed becomes absolute and the property is that of the purchaser at the tax sale.

Prejudice and ignorance have given way to Simmons Liver Regulator. It has stood the test.

Poverty Party.

Below is a copy of an invitation sent out by the Poverty Party to attend what is called a "Poverty Party".

"Yew air axed tew a soshul that us fokes uv the Literary Society air going to give to the L. P. Hall, Benson, Ariz., Monday even March 25, 1894."

"A vot uv thanks will be aloud to & gin to the wust lookin rig in the haul."

"Thes rule will be inforsed tew the letter."

"The hul Sasiety wil interduce strangers and look arter bashful fellers."

"There is goin to be dancin arter supper."

Phun wil kumense at 8 p.m. Tickets intew the haul 22c.

VITTLES.

"Twisted donuts & kofy."

"Kum & hev sum plun."

COMMITTEE.

Steady Progress

Has characterized Hood's Sarsaparilla ever since it was placed before the public. Wherever introduced, its sales have grown from year to year, until now it is the most popular and most successful medicine offered. Any druggist will confirm this statement. The secret of this success lies in the fact that Hood's Sarsaparilla is a medicine of merit. It does actually accomplish all that is claimed for it, and when given a fair trial, is reasonably certain to be of benefit.

Positive Statements.

"Since Hood's Sarsaparilla has been in my hands for sale I have had frequent and unserved testimonials in its favor. Although carrying this preparation for less than one year, my sales have been greater than of any similar preparation, and the testimonials in its favor are at once positive and personally noticeable." A. W. MOUNT, Hallsburg, Cal.

Sells On Its Merits.

"My boys say, 'Papa, why don't you buy more of Hood's Sarsaparilla at a time? we are always short.' It sells on its own merits." F. RALPH, Portland, Oregon, the oldest druggist in Oregon. N. B. Be sure to get only

Hood's Sarsaparilla

Sold by druggists. \$1.00 per bottle. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

100 Doses One Dollar

WANTED LADIES to do writing at home. Pay \$15.00 to \$25.00 per week. Send self addressed stamped envelope for reply. MARRIE FOUNTAIN, General Manager, 324 Dearborn street CHICAGO ILL.

First Publication December 30 1893. MINING APPLICATION No. 561. AHEAD SURVEY.

U. S. Land Office, Tucson Arizona. December 29, 1893. NOTICE IS HEREBY GIVEN THAT THE Copper Queen Consolidated Mining Co., Ben Williams, Agent, whose postoffice address is Benson, Arizona, has made application for a patent for six hundred and sixty eight linear feet of the Lookout lode or vein, bearing gold, silver, lead, copper and other minerals, situated in Warren mining district, Cochise county, Arizona Territory, and described in the official plat and field notes on file in this office as follows, viz:
